

IS THIS YOUR PRIVATE HOME?

Did you know while you were evacuated on October 23rd a photographer entered and photographed your house in the Rancho Sante Fe area. By October 24th, these photos were sold and published on the Internet (Yahoo News, Reuters, ABC News). Did you give permission?

WE NEED THE PUBLIC'S HELP. Look at the photos. If you recognize anything: the location or the doll, please contact us immediately. We are a not-for-profit media ethics program investigating this matter.
