Got this in an email.

Just outside ANNISTON, ALABAMA on Thursday, May 3, 2007:

An 11 year old boy killed this 1,051 lb. wild Ferrell hog. The pig was over 9' 4" long and took 3 hours to kill using a Smith & Wesson customized .50 caliber revolver shooting 350 grain bullets. Approximately 16 shots hit this massive beast, some leaving fist size holes.
